"The Menu Professionals"

NOW IS THE TIME... Are you ready?

Your GRAND RE-OPENING is coming!
CLEANLINESS MUST BE A PRIORITY!

Now is the time to work on your re-opening plans.
Since you will not be at full capacity, you should consider
limiting the amount of items on your menu & **adjusting prices**
to help **control your operating costs.**

Consider a one time use **Paper Menu**
or **Single Page Plastic Menu**, with limited menu items.

- Sanitary, as to reduce concerns of germs being spread.
- Easy-to-clean plastic or recyclable paper.
- Choice of single or double-sided.
- Available in Full Color or Economical Black & White.
- Professionally Designed by Restaurant Graphics.
– You will be proud to present to your customers!

Are your existing menus presentable, or do they need replacing?
Order quickly as we cannot guarantee delivery on re-opening!

Please contact us for more details and to discuss flexible payment options.

*From all of us here at Restaurant Graphics, please stay safe.
We continue to be here to help and support your business.*

Thank you for your continued patronage.
